

The Assist

Helping Students Access and Make Progress in the General Curriculum

October 2006

(Volume 6, Number 2)

The MI-Access Team Needs Your Input!

Now is the time to provide your input on (1) the Participation and Supported Independence (P/SI) Draft Extended Grade Level Content Expectations (EGLCEs) and Extended Benchmarks (EBs) for English language arts and mathematics, and (2) the P/SI and Functional Independence Draft EBs for science. Start by downloading the Draft EGLCE and EB documents from www.mi.gov/mi-access, review the documents carefully, then submit your comments via the online survey posted at www.mi.gov/mi-access under "Survey Information." Comments will be accepted from October 2 through midnight December 1, 2006. They will be used by the MDE and the MI-Access advisory committees as they work to finalize the documents.
